October 22, 2008

RE: Protective System Inc.

FCC ID: WSK-HD50

I have a few comments on this Application. Please do not put confidential information in your responses to these questions as the response letter will not be held confidential by the FCC. Depending on your answers there may be more questions.

1. Users manual needs Part 18.212 statement. Please kindly revise users manual and upload.

"This device complies with Part 18 of the FCC Rules"

Response: Please refer to the revised user's manual uploaded with this response.

2. In the test report you say the device's rated power is 7.8 watts. I cannot find any test data in the test report to support this. Please revise test report to include Power Output data.

Response: Please refer to the revised test report uploaded with this response.

Thank you,

Douglas E. Noble Examining Engineer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued. Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.
